Cross Agency Priority Goal Quarterly Progress Update

Insider Threat and Security Clearance Reform

Goal Leaders:

Beth Cobert, Deputy Director for Management, Office of Management and Budget;

James Clapper, Director of National Intelligence;

Katherine Archuleta, Director, Office of Personnel Management;

Michael Daniel, Special Assistant to the President and Cybersecurity Coordinator

FY2015 Quarter 2

Overview

Goal Statement

Mitigate the inherent risks and vulnerabilities posed by personnel with trusted access to government information, facilities, systems and other personnel

Urgency

A series of vetting program failures, followed immediately by Presidentially directed reviews, identified solutions needed to safeguard our personnel and protect our nation's most sensitive information.

Vision

The Federal Government will mitigate the inherent risks posed by personnel with access to government information, facilities, systems and other personnel. To achieve this objective, agencies will work with the Performance Accountability Council (PAC) and the Senior Information Sharing and Safeguarding Steering Committee (SISSSC) to:

- Improve Enterprise Management of Information Technology and Resources
- Develop Insider Threat Programs
- o Implement Continuous Evaluation
- o Improve Availability and Sharing of Relevant Information
- Implement Federal Investigative Standards (FIS)
- o Improve Oversight and Quality of Background Investigations (BI) and Adjudications
- o Improve Risk Management with Appropriate Position Designations and Associated Investigations
- Improve Security and Suitability Alignment and Reciprocity

Meeting the Risks and Challenges

Strong Foundation

- Program Management Office (PMO) established and fully staffed
- Governance identified, strong PAC leadership engagement
- Leveraging on-going Agencies' security and suitability reform efforts
- Multiple interagency working groups established, work well underway

Aligned Vision

Overlapping Enterprise Management efforts (directed by the National Defense Authorization Act (NDAA)
and the White House review) have been aligned for synergy and efficiency. Updates are reflected in the
key milestone under "Improve Enterprise Management of Information Technology and Resources."

Overall Risks and Challenges

- Harmonizing government-wide efforts across divergent cultures
- Integrating similar agency-centric projects at varying stages of development
- Developing new or updating existing Information Technology (IT) capabilities to achieve Reform goals
- Overlapping authorities may impact enterprise solutions
- Legislation competing with Administration plans and policies
- Sustaining sufficient resources and leadership focus beyond current crises

Progress Update FY15 Q2

Enterprise Management of Information Technology and Resources

- Established Cross Community Best Practices Working Group
- Concluded initial PAC Strategic Intent final draft formal coordination
- Finalized formal coordination of the Security, Suitability, and Credentialing Line of Business (SSCLoB) Program Charter and the PAC memorandum establishing the Enterprise Investment Board as the SSCLoB executive steering committee

Develop Insider Threat Programs

- Created a risk-based tiering structure of agencies for defining IOC and FOC standards
- Conducted scenario-based training course for Insider Threat program personnel
- Conducted independent assessments of six agencies

Continuous Evaluation

- Completed CE concept demonstration on approx. 100,000 DoD personnel
- Developed draft CE Working Group Charter for staffing

Availability and Sharing of Relevant Information

- Established Mental Health WG plans to define mental health, Q21 issue, and gaps in education and awareness
- Initiated review of recommendations provided by the NDAA Records Access Task Force for Title 5 U.S.C. Section 9101
- Began feasibility exploration for ISPs to include search for individuals arrested abroad

Federal Investigative Standards

Implemented planning for Tier 3 IOC investigations

Oversight and Quality of Background Investigations and Adjudications

- Established PAC and the Security and Suitability EA coordination with agencies
- Initiated development of IT capabilities/tools for detecting falsification
- Started developing standard criteria/procedures to ensure appropriate response to falsification in all types of adjudications

Security and Suitability Alignment and Reciprocity

 Completed training gap analysis and mitigation plan development and implemented mitigation strategies to close training gaps

Action Plan Summary

Impact Area / Sub-Goal	Major Actions to Achieve Impact	Key Indicators
Improve Enterprise Management of Information Technology (IT) and Resources: Increase enterprise management and oversight and make greater use of automation to access information relevant to background investigations and adjudications.	 Recompose the PAC to actively manage and oversee enterprise issues Develop and execute Enterprise Reform IT strategy to ensure interoperability, operationalize CE, automate suitability processes, and improve sharing of relevant information Establish Enterprise Line of Business (LOB) mechanisms to collect, analyze, manage, oversee government-wide spending linked to enterprise information technology and workforce development 	 Number of agencies investing in enterprise line of business Percentage of IT Strategy implemented Percentage of Increase/Decrease of Annual Suitability/Security Program Costs by Agencies
Develop Insider Threat Programs: Establish an insider threat program that complies with the President's National Insider Threat Policy and Minimum Standards in each department or agency that handles classified information.	 Achieve program establishment Achieve Initial Operating Capability (IOC) Achieve Full Operating Capability (FOC) Note: As defined and promulgated by the National Insider Threat Task Force (NITTF) and Steering Committee. 	 Percentage of Departments or Agencies (D/As) that have met the three program establishment criteria Percentage of agencies that have met the IOC/FOC criteria
Implement Continuous Evaluation: Accelerate the implementation of a standardized program of Continuous Evaluation (CE), ensure full integration with agency Insider Threat Programs, and reassess Periodic Reinvestigation (PR) intervals as appropriate.	Accelerate government wide implementation of a standardized program of CE, ensure full integration with agency Insider Threat Programs, and reassess PR intervals as appropriate	 Percentage of designated D/As meeting IOC Percentage of designated D/As meeting FOC Percentage of overdue PR population screened using automated record checks

Action Plan Summary

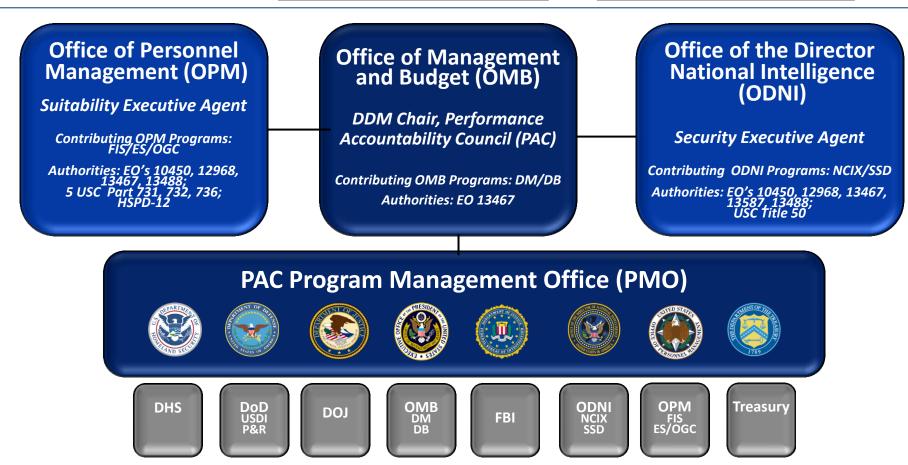

Impact Area / Sub-Goal	Major Actions to Achieve Impact	Key Indicators
Improve Availability and Sharing of Relevant Information: Ensure internal and external processes exist for reporting and sharing information.	 Improve access to and availability of state and local criminal records Clarify and expand requirements for reporting actions and behavior of employees and contractors to support decisions on access to facilities, classified/sensitive information, and IT systems 	 Percentage of local law enforcement records provided of total number requested Percentage of local law enforcement records provided via automated means
Implement Federal Investigative Standards: Accelerate implementation of elements of Revised Federal Investigative Standards (FIS) to address gaps identified in existing investigative processes.	Accelerate implementation of elements of Revised FIS to address gaps identified in existing investigative processes	 Percentage of agencies in compliance with Tiers 1 & 2 IOC Percentage of agencies in compliance with Tier 3 IOC Percentage of agencies in compliance with Tiers 4 & 5 IOC Percentage of agencies in compliance with FOC
Improve Oversight and Quality of Background Investigations and Adjudications: Improve oversight to ensure investigations and adjudication meet government-wide quality standards.	 Accelerate the development of quality standards and implementation of consistent measures and metrics for investigations and adjudications Improve the quality of existing oversight mechanisms for federal and contract investigators, and federal adjudicators Improve detection of and response to applicant falsification in current processes 	 Percentage of agencies using Investigative Quality Standards Ratio of Quality to Non-Quality completed investigations Percentage of targeted agencies assessed for oversight purposes

Action Plan Summary

Impact Area / Sub-Goal	Major Actions to Achieve Impact	Key Indicators
Improve Risk Management with Appropriate Position Designations and Associated Investigations: Drive adherence to existing security and suitability position designation, reinvestigation timeliness guidelines, prioritizing submissions based on risk, and increasing the frequency of reinvestigations for high risk populations.	 Reduce reinvestigation backlog using a risk-based approach Reduce total population of 5.1M Secret and TS/SCI clearance holders to minimize risk of access to sensitive information and reduce cost 	 Percent reduction in overdue reinvestigations Percent reduction in total number of clearance holders
Improve Security and Suitability Alignment and Reciprocity: Ensure alignment through consistent standards, training and processes, avoiding redundancy and duplicative systems and effort, and improving reciprocity.	 Establish new government-wide adjudication requirements for credentials issued to include the currently optional OPM supplementary standards Revise the Final Credentialing Standards to establish a suspension mechanism Accelerate implementation of National Security and Suitability Investigator and Adjudicator Training Standards to drive consistency and improve reciprocity 	 Number of agencies fully implementing government-wide credential standards/criteria Percent of agencies in compliance with Training Standards (with measurements beginning one year from standards signature date)

Governance and Contributing Programs (PAC)

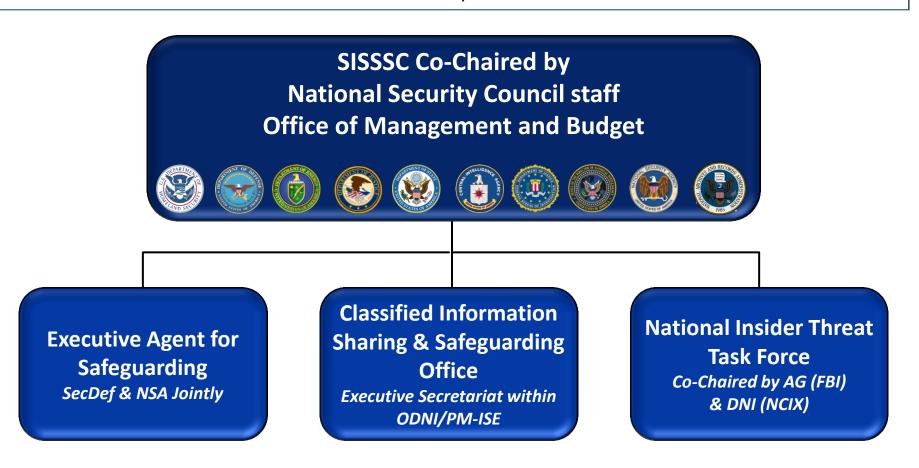

The Performance Accountability Council* (PAC) is ultimately responsible to the President for <u>driving</u> <u>implementation</u> of the reform effort, <u>ensuring accountability</u> by agencies, ensuring the Security and <u>Suitability Executive Agents align their respective processes</u>, and <u>sustaining reform momentum</u>.

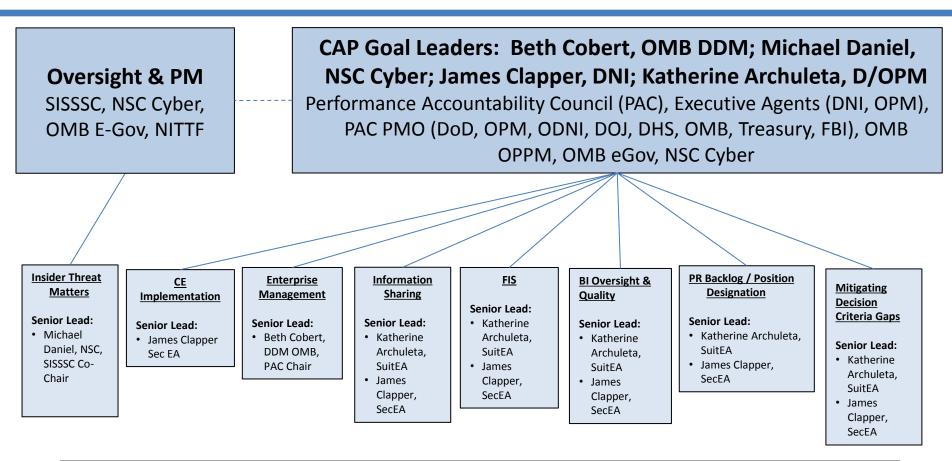

^{*}Current PAC member agencies: Department of Homeland Security (DHS), Department of Defense (DoD), Department of Justice (DOJ), Office of Management and Budget (OMB), Federal Bureau of Investigation (FBI), Office of the Director of National Intelligence (ODNI), Office of Personnel Management (OPM), Department of the Treasury (Treasury), Department of Energy (DOE), ISOO, National Security Council (NSC), General Services Administration (GSA)

Governance (SISSSC)

The Senior Information Sharing and Safeguarding Steering Committee (SISSSC) is ultimately responsible to the President for ensuring senior-level accountability for the coordinated interagency development and implementation of policies and standards regarding the sharing and safeguarding of classified information on computer networks.

Governance (CAP Goal)

Governance – The Performance Accountability Council's Program Management Office, comprised of representatives from the Office of Management and Budget, Office of the Director of National Intelligence, Office of Personnel Management, Department of Defense, Department of Homeland Security, Department of Treasury, Department of Justice, the Federal Bureau of Investigation, as well as the Senior Information Sharing and Safeguarding Steering Committee, will be responsible for driving government-wide implementation of these goals, and identify recommended solutions to further safeguard our personnel and protect our nation's most sensitive information.

Work Plan: Improve Enterprise Management of Information Technology and Resources

Alignment Goals:

• Improve enterprise operations

Major Actions:

- Recompose the PAC to actively manage and oversee enterprise issues
- Develop and execute enterprise Reform IT strategy to ensure interoperability, operationalize CE, automate suitability processes, and improve sharing of relevant information
- Establish mechanisms to manage and oversee government-wide spending for suitability and security processes

Work Plan: Develop Insider Threat Programs (cont.)

Requirements for Insider Threat Programs

Major Action #1: Program Establishment Basic requirements	Major Action #2: Initial Operating Capability (IOC) Program establishment plus the following	Major Action #3: Final Operating Capability (FOC) IOC plus the following
Name a responsible senior official(s)	Procedures in place for oversight, reporting, and record retention	Regular (if possible, electronic) access to insider threat-related information from counterintelligence, security, information assurance, HR, law enforcement, etc.
Promulgate an agency head-signed Insider Threat Program policy	Some capability to pull data from appropriate sources to retroactively analyze and respond to anomalies	Tailored triggers to monitor cleared user activity on any agency network accessed (including unclassified), as well as portable devices
Develop an Insider Threat Program implementation plan	Monitoring of user activity on at least one classified network	Access to counterintelligence reporting and adversarial threat information
	Employee notification of monitoring (i.e., banner)	A centralized "hub" to proactively assess data
	Annual employee awareness training	Response capability to follow-up on anomalous activity
	Trained Insider Threat Program personnel	Conduct self-assessments

Work Plan: Implement Continuous Evaluation

Alignment Goals:

- Increase availability and quality of critical information to improve decision making
- Reduce inherent risk in current processes
- Improve enterprise operations

Major Actions:

• Accelerate the implementation of a standardized program of CE, ensure full integration with agency Insider Threat Programs, and reassess Periodic Reinvestigation intervals as appropriate

^{*}The ODNI is developing an Executive Branch-wide capability that will be implemented in a phased approach

^{**} CE will be rolled out in a phased approach, with a goal to have CE completed on a portion of the TS and TS/SCI population in the Executive Branch by the end FY16.

Work plan: Improve Availability and Sharing of Relevant Information

Alignment Goals:

Increase availability and quality of critical information to improve decision making

Major Actions:

- Improve access to and availability of State and Local criminal records
- Clarify and expand requirements for reporting actions and behavior of employees and contractors to support decisions on access to facilities, classified/sensitive information, and IT systems

Milestone Summary

^{***} An informal assessment of inherently government functions was conducted by ODNI/OPM/DoD staff members as required, however, to more fully and appropriately satisfy the intent of the recommendation, this milestone was expanded to include assessment by the Program Management Office Advisory Group under their new "Best Practices" responsibilities. The original milestone due date of 10/2014 as adjusted to accommodate the best practice assessment.

Work plan: Improve Risk Management with Appropriate Position Designations and Associated Investigations

Alignment Goals:

Reduce inherent risk in current processes

Major Actions:

- Reduce periodic reinvestigation backlog using a risk-based approach
- Reduce total population of 5.1M Secret and TS/SCI clearance holders to minimize risk of access to sensitive information and reduce cost

Milestone Summary

Key Milestones	Milestone Due Date	Milestone Status	Owner
The Security Executive Agent will determine a near-term government-wide strategy for agencies to identify high risk populations through the use of automated records checks (e.g. derogatory credit or criminal activity) and prioritize overdue investigations based upon risk posed by job responsibilities and access in order to reduce risks posed by potential insider threats.	10/2014	Complete	ODNI

Work plan: Improve Security and Suitability Alignment and Reciprocity

Alignment Goals:

• Reduce risks that are inherent in our current processes

Major Actions:

- Establish new government-wide adjudication requirements for credentials issued to include the currently optional OPM supplementary standards
- Revise the Final Credentialing Standards to establish a suspension mechanism
- Promulgate necessary Executive Branch-wide policy to mitigate gaps and inconsistencies in decision criteria

Milestone Summary					
Key Milestones	Milestone Due Date	Milestone Status	Owner		
The PAC will identify the specific timing of actions to mandate supplemental credentialing criteria to apply to all persons with access to government facilities and information systems, including modifications to the FAR.	10/2014	Complete	PAC PMO
